Ideation Phase
Brainstorm & Idea Prioritization Template

Date	19 September 2022
Team ID	PNT2022TMID38716
Project Name	Analytics For Hospital Health Care Data
Maximum Marks	4 Marks

Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

2

Brainstorm

Write down any ideas that come to mind that address your problem statement.

🕐 **10 minutes**

Person 1

	large scale data haddoop based big data advance in reliability
using data mining technique	big data analytics and application in healthcare are the nascent stage of developement

Person 2

To predict daily demand at a Medical Center to utilize 55 operation rooms efficiently	Using Health Data For Informed Strategic Planning
Reduce Fraud And Enhance Security	Integrating Big-Style Data With Medical Imaging

Person 3

Predictive Analytics In Healthcare	Help To Manage And Track Mass Diseases
Smart Staffing and Personnel Management Without a cohesive, engaged workforce,	Smart Staffing & Personnel Management Without a cohesive, engaged workforce,

Person 4

developed a web application	fuzzy logic in medical data analytics
observational medical outcomes partner ship and semi-sendimental common data models	to predict a accurate sollution

Person 5

data driven decision making receiving better personlazied prediction about prognosis	medical facilites in poland are working towards data based health care
condtion of dig data analytics in medical facilities determined by ownership of medical facilies	

Step-3: Idea Prioritization

4

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

🕐 **20 minutes**

➡

After you collaborate

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

Quick add-ons

Ⓐ **Share the mural**
Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.

Ⓑ **Export the mural**
Export a copy of the mural as a PNG or PDF to attach to emails, include in slides, or save in your drive.

using machine learning to get accurate solution

Keep moving forward

Strategy blueprint
Define the components of a new idea or strategy.

♡

Importance

If each of these tasks could get done without any difficulty or cost, which would have the most positive impact?

Strengths, weaknesses, opportunities & threats
Identify strengths, weaknesses, opportunities, and threats (SWOT) to develop a plan.

Open the template →

developed a application for the COVID 19 pandemic

💬 Share template feedback

TIP 💡

Participants can use their cursors to point at where sticky notes should go on the grid. The facilitator can confirm the spot by using the laser pointer holding the **H key** on the keyboard.

⚑

Feasibility

Regardless of their importance, which tasks are more feasible than others? (Cost, time, effort, complexity, etc.)
